### Introducing MySettlement

Far far away, behind the word mountains, far from the countries Vokalia and Consonantia, there live the blind texts. Separated they live in Bookmarksgrove right at the coast of the Semantics, a large language ocean. A small river named Duden flows by their place and supplies it with the necessary regellia. It is a paradisematic country, in which roasted parts of sentences fly into your mouth.

Even the all-powerful Pointing has no control about the blind texts it is an almost unorthographic life One day however a small line of blind text by the name of Lorem Ipsum decided to leave for the far World of Grammar. The Big Oxmox advised her not to do so, because there were thousands of bad Commas.

# Unique Value proposition

- **Independent**
  - Agencies can't influence reviews
  - Clients are unlikely to provide honest reviews
- **Centralized**
  - Provides a platform to compare agencies
  - Reduces time and resources
  - Shopping around by interacting is time consuming and counterproductive for clients, and creates an unnecessary strain on agency resources
  - Encourages existing agencies to improve quality of service
- **Anonymous**
  - Since word of mouth is the current review system, there is a lack of anonymity
  - Airing agency grievances creates the risk of revealing identity

# Implementation plan

- Funding
  - Apply to CIC
- Creation
  - Digital team (designers, developers, PM, etc.)
  - Initial reviewers
  - Moderators
- Distribution
  - Government
  - Community centers, religious organizations, schools, etc.

# Opportunities for growth

- Reporting for CIC to ensure better allocated funding for agencies providing quality service
- Improved accessibility through access to translators
  - Additional opportunities for paid Canadian experience
- Addition of social networking platform
  - Meetup groups, etc.
